CenterStaging Gets A Facelift

Many changes have occurred at the *CenterStaging* facility within the last six months. Some minor, while others are bigger than belief. As expansion plans near its completion, *CenterStaging* gets a facelift! Walking down our infamous hallways you might notice a different look. New floors, fresh paint, and an overall sense of artistry is the new *CenterStaging* standard. Aesthetically, *CenterStaging* has the perfect atmosphere conducive to creating the vibe necessary for performers to go beyond rehearsal and live inside their performance.

The change doesn't stop there! As means to better serve our clients, *CenterStaging* is proud to introduce our new services:

A musical haven, we understand the importance of having everything you need ready at your fingertips. With that said, **CenterStaging** is now the manufacturing hub for the Los Angeles area, housing industry offices for the best vendors in the business like, **Fender, JH Audio, Zildjian, BearCom, Tour Supply**, and many others. That's right, **CenterStaging** has it all. Why run around trying to find all the pieces when we've put the puzzle together for you. Make it easy, make it **CenterStaging!**
